ance, tax planning and preparation, business enhancement, human resource consulting, financing assistance, information technology, litigation, valuation and corporate governance services.

Grassi CPA specializes in a range of industries, where it has a specific record of accomplishment and proven experience. While each client is unique, experience has taught Grassi that the challenges clients face are often very similar. For example, by bringing skills and experiences gained working for a number of clients in a particular industry, Grassi offers new perspectives that can bring true value to its clients.

Although Grassi CPA is a certified public accounting firm, it does not approach its clients' businesses as typical accountants. The firm and its people are entrepreneurial in style and practical in approach.

Grassi does not simply provide clients with financial statements and tax services – though it does that as well as any of its peers – and it delivers consultative business advice that helps clients solve challenges and reach new levels of success.

The firm offers services to clients in a number of different areas including accounting and small business, assur-

Alive Structures

21-36 44th Road, Long Island City, NY 11101
Phone 917-743-7735

Alive Structures' aim is to convert as much concrete into vegetation as possible. Its team includes committed environmentalists who have a practical plan to improve air and water quality, reduce energy dependence, make open green space and natural habitat for wildlife and stimulate new educational and economic opportunities in New York City. The team consists of architects, certified green roof installers, landscape designers and educators. Alive only uses the best green roof and green wall systems made from recycled and renewable materials that combine several necessary layers in an easy to install panel. Its modular panels are designed for optimal water retention

Marni Horowitz

and erosion control, and it installs low maintenance green roofs using a wide variety of Sedum.

In addition, Alive Structures also installs intensive green roof gardens using native wildflowers, grasses and small shrubs. The team can plan, design, install and maintain any job from start to finish. The firm has experience working with schools, small business, non-profit organizations, residents and large corporations.

Alive Structures' first consultation is free, so call or write them to make an appointment.

Restoration Medical Supplies, Inc.

73-26 Yellowstone Blvd., Suite 26E Forest Hills, NY 11375
718-268-5505

Restoration Medical Supplies, Inc. is a leading supplier of sleep therapy (CPAP, Bi-level, etc.) supplies in the New York City Metro area. Based in Forest Hills the company has served the needs of sleep labs, their patients and referring physicians throughout the tri-state area since 2004.

The company is dedicated to treating its patients like family and with a staff of licensed respiratory therapists and more than 50 years of combined clinical experience – no company can care for you while providing a more thorough, thoughtful and complete service than Restoration Medical.

Unlike other types of medical supplies, sleep therapy equipment is

Chip Smith

unique – not only does it require thorough in-servicing and education, the benefit of therapy can be heavily influenced by the quality of the product provided. Restoration Medical provides only the highest-level products from leading manufacturers such as ResMed, Respironics and Fisher & Paykel.

If you or a family member are a current CPAP/Bi-level user or are concerned about the quality of your sleep, please call us at 718.268.5505. As sleep doctors throughout New York say "let Restoration Medical take care of the rest!"

most current and comprehensive patient information.

Specialists are available at each facility to focus on maintaining a person's health and stabilizing symptoms from any chronic diseases a person may have. There are also urgent care facilities for patients to come to if they need immediate care.

The medical offices are open as early as 8 a.m. and close as late as 7 p.m. with hours on Saturday in order to provide patients with even more opportunity to visit one of their locations. We have Saturday hours from 9 a.m. to 1 p.m.

One of the aspects of Queens Long Island Medical Group that it is most proud of is its caring and committed staff, who is there to ensure that a patient's healthcare is maintained.

If a patient changes or loses insurance coverage, its staff will be able to assist patients and help them continue to see a physician with a new plan or they may qualify for New York State sponsored plans like Child Health Plus (CHP), Family Health Plus (FHP), or EPIC.

Queens Long Island Medical Group, P.C. is one of the largest physician-owned medical groups in the metro area with 22 offices throughout Queens, Nassau and Suffolk County serving more than 200,000 patients.

In addition, more than 350 highly-regarded physicians who specialize in all areas of medicine make up Queens-Long Island Medical Group.

This large multi-specialty group has one goal: to provide high-quality care for all of your healthcare needs.

One way that it provides care is by ensuring that the offices are equipped with the most recent, state-of-the-art technology. At the offices lab work, mammograms, bone scans and other diagnostic tests are available so that patients can conveniently receive healthcare.

The group recently implemented secure electronic medical records system, which allows each member of our multidisciplinary team access to the
