

Calling All Dedicated Medical Professionals!

The New York/New Jersey VA Healthcare Network, Veterans Integrated Service Network (VISN) 2, is working diligently to increase staffing across the enterprise to meet the needs of all patients accessing VHA services in response to the national emergency caused by the Coronavirus pandemic (COVID-19).

We are seeking to hire the following healthcare professions:

- Registered Nurses
- Licensed Practical Nurses
- Nursing Assistants
- Medical Support Assistants
- Registered Respiratory Therapists

Those hired will assist clinical call centers and/or provide clinical support to VA Medical Centers throughout VISN 2 during the COVID-19 pandemic.

In addition, we are reaching out to recent retirees with experience in areas of high need during the COVID-19 response. Dual compensation waivers will be authorized for these individuals where needed, which will allow them to continue to receive their retirement annuity along with receiving full compensation for their time employed. These waivers will be approved on a temporary basis, not to exceed one-year appointment.

Interested candidates are encouraged to visit the below websites for additional information:
